

XRJ-45B

Crossover Reversing cable for mode B

Mode B

Cisco / Cambium Reverse PoE

Product Details and Specifications:

- Data is on all 4 pairs (CAT-5e twisted pairs)
- Data Rate: 10/100/1000 mb/s
- Ethernet cable CAT-5e
- UTP AWG 24 wire
- Color: Blue
- Connector RJ45 male (data only) female (power and data)

In this cable, the mode B pairs (4&5 and 7&8) are reversed, this allows a PoE injector or switch to be power reversed.

Almost all passive PoE injectors with mode B use

4&5 for + and 7&8 for -

This device will swap the power for you.
